Mayor Harmer asked Amy to reach out to the city attorney and have her look over the ordinance and see how we should proceed.

Amend section 705.300.

Travis is having an issue with a gentleman who would like the city to pay for his connection into the main and would like to have the water regulations changed to read that it is the responsibility of the resident to hook up to the water main like the sewer regulations state. Aldermen Dudley stated it is already written in the ordinance that they would have to pay the city to do the connections. And that it also states that the board must approve the permit.
