The company does designs for playgrounds, walking trails, shelter houses and so on. Their service is free to the city. Mayor Harmer set up a working meeting for the 30th of July so the board can then discuss what would best suit the city and get back with Mr. Magruder.

Jeff & Shelby Elder at 503 Missouri- Jeff advised the board that they are having issues with heavy rain backing up on the road and flowing to their house. Travis advised the board he plans on digging a ditch to get the water off the road in hopes that this will correct the problem and that the city may have to purchase a bigger culvert to go under the road and the homeowners would then need to put in a ditch to divert the water from the house and shop. Once the ground dries up Travis will start on the ditch.

Plow truck- Travis advised the board that the plow truck needs some front-end work. The board advised Travis to get 2 bids and bring them back to the meeting on the 30th of July.
